Bangalore

- ➢ Passionate Frontend Web Developer with a total experience of 8+ years
- ➢ Co-Applicant of 4 utility patents in India and 1 design patent each in India and US for prototype of a self-service Banking Robot (*refer Appendix*)
- ➢ *Key Skills:* **HTML5, CSS3, JavaScript ES6, ReactJS, Redux-Saga, SCSS, Jest, Enzyme, React Bootstrap, Git, JSON, Agile, RWD, SPA, Google Lighthouse**

Professional Experience:

1) Project Name: TESCO myProduct:Develop   *Duration*: **Mar 2019 – Till Date**
Company: **Xebia IT Architects India Pvt. Ltd., Bangalore**   *Client*: TESCO
Role: FE Team Lead
- Independently delivered major project modules (Projects, Products, Admin etc.)
- Conducted interviews to hire new members to the organization
- Inducted new members to the team and mentored them
- Restructured the code to facilitate code reusability
- Improved the code quality by introducing coding guidelines (Unit testing, Linting) which also regularized the delivery
- Conducted technical trainings for the team members
- Reported progress to the project manager
Tech Skills: HTML5, CSS3, SCSS, JavaScript ES6, ReactJS, Redux Saga, Jest, Enzyme

2) Project Name: RFX Analytics Engine   *Duration*: **Nov 2018 – Feb 2019**
Company: **Xebia IT Architects India Pvt. Ltd., Bangalore**   *Client*: McKinsey Digital Lab
Role: ReactJS Developer
- Created reusable React components
Tech Skills: HTML5, CSS3, SCSS, JavaScript ES6, ReactJS, Redux Saga, Jest, Enzyme

3) Project Name: TrueIservice (https://iservice.truecorp.co.th/)   *Duration*: **Jan 2018– Oct 2018**
Company: **Xebia IT Architects India Pvt. Ltd., Bangalore**   *Client*: McKinsey Digital Labs
Role: Implemented test driven, responsive & reusable web component
        - Owned & implemented the Billing, Payment and Usage History, Change Package, Manage Profile, and Announcements features of TrueIservice Web
Tech Skills: HTML5, CSS3, SCSS, JavaScript ES6, ReactJS, Redux Saga, React Bootstrap, Jest, Enzyme

4) Project Name: Brocade Network Advisor   *Duration*: **Mar 2016 – Dec 2017**
Company: **HCL Technologies Ltd., Chennai**   *Client*: Brocade Communication Systems
Role: Lead Engineer Frontend
        - Accountable for creating 'Collection Management' feature
        - Mentored and trained the new team members
Tech Skills: HTML5, CSS3, SCSS, JavaScript ES6, ReactJS, Redux, React Bootstrap

5) Project Name: <u>Configuration Management</u>   *Duration*: **July 2015 – Feb 2016**
Company: **Polaris Financial Technologies Ltd.** / **Intellect Design Arena Ltd., Chennai**
Role: - Branch plan creations for source code management using Tortoise SVN
        - Build and Deployment using ANT, Maven on JBOSS and WebLogic
        - Automated Build and Deployment configuration on Jenkins
        - Unit Test coverage using Cobertura

6) *Project Name*: <u>LinkedIn API integration using JS APIs</u>   *Duration*: **Jan 2015 – Jun 2015**
Company: **Polaris Financial Technologies Ltd.** / **Intellect Design Arena Ltd., Chennai**
Role: FTResearch Engineer- Developed & tested LinkedIn App using HTML5, CSS3, JavaScript API to
Login, fetch profile details, display list of connections and 1st degree connection details

7) *Project Name*: <u>AWS cloud deployment automation</u>   *Duration*: **Oct 2014 – Dec 2014**
Company: **Polaris Financial Technologies Ltd.** / **Intellect Design Arena Ltd., Chennai**
Role: FTResearch Engineer
        - Automated the deployment of Intellect Products on Amazon cloud using AWS CLI
        - Automated the launching of AWS EC2 instance using AWS CLI commands and Batch Scripts

8) *Project Name*: <u>Robin (RObot for Banking & INsurance)</u>   *Duration*: **Oct2012 – Feb 2016**
Company: **Polaris Financial Technologies Ltd.** / **Intellect Design Arena Ltd., Chennai**
Description: a patented innovation, designed and developed by FTResearch under the
               guidance of the Chief Design Officer of PolarisFT, which aims to automate and
               digitize all the branch banking operations
Role: FTResearch Engineer
        1) <u>Stakeholders Management:</u> brainstormed with product heads, bankers, vendors
        2) <u>Requirement gathering:</u>
           −Interaction with stakeholders (internal & external teams to understand the BFSI domain)
           −Research on Digital Banking, Financial Inclusion, Banking kiosks
        3) <u>Design & Prototype:</u>
           −Actively participated and iterated over 5 different designs to arrive at a sleeker design
           − Built prototype of the Robot & each and every device for all the designs to test feasibility
        4) <u>Development & Testing</u>
           - Lead the development team to build WPF apps on WCF architecture using Visual C# to
             demonstrate Debit/Credit Card Printing, Barcode Scanning, Obstacle Detection using
             Kinects, POS: swipe card & read Track1, Track2, track3 details and NFC payments
           - Spearheaded the development of Web application using HTML, CSS and JavaScript
        5) <u>Patenting Robin</u>
              - preparation of IDF
              - discussion with the attorneys regarding the IDF, drafts & claims
              - review & feedback on the drafts & claims
        6) <u>Integration of Intellect Products on Robin</u>
              - developed & tested WCF services to integrate the devices on Robin with Intellect
                products
        7) <u>Demo to customers & visitors</u>
              − demonstrated Robin to all the customers & visitors
Tech Skills: Visual C#, WPF, WCF, Banking Devices APIs, HTML, CSS, JavaScript

Education:
Completed BTech in 2012 from National Institute of Technology Karnataka, Surathkal in Information Technology branch

Appendix

Design Patents

Details	Design Patent in India	Design Patent in US
Title	Financial Technology Robot	Financial Technology Robot
Patent Number	255003	D739,450
Date of Issue	20/02/2014	09/22/2015

Utility Patents in India: Application Nos 4773/CHE/2013, 4772/CHE/2013, 4771/CHE/2013, 4770/CHE/2013
